

E. V. DEBS SEES DAWN OF LIBERTY

First True Republic About
to Be Born.

UPHEAVAL OF OLD ORDER

Tramp, Tramp, Tramp of Working
Class Is Heard Around the
Earth.

Eugene V. Debs, in a news letter
says:

The fountains of the mighty deep
are breaking up in the industrial and
commercial world. Tremendous forces
are at work and tremendous energies
are grappling with and vainly seeking
to restrain them.

The heavings of the billows have an
ominous sound to conservative custo-
dians of the old order, but upon ears
attuned they fall like strains of music,
since these prodigious heavings, but
betoken the awakening of humanity.

The earth is now subdued and space
is no more. Warring nations are be-
ing welded into one. The human race
is to be at last triumphant.

First Republic Here.

The last lingering aristocracy is
sinking below the horizon and the first
real republic will soon rise above it.

What a spectacle, this breaking up of
the aged old world.

War, with all its savage horrors, as-
sassinations, splashing with brains and
blood the divine right to rule; tumult,
rioting, shootings, sabering, police
spying, destitution, licentiousness,
curseings, and all the myriad moorings
of the victims and fierce cries of the
awful avenger.

In our own land, the vaunted foot-
stool of liberty, we have the imperial
reign of Greed and Graft.

Standard Oil, Equitable Assurance,
postoffice steals, timber robberies, land
piracies, frenzied finance, trust boot-
lers, Colorado brigands, Chicago riots,
rotten legislatures, plutocratic Senate,
injunction courts, standing army, great
navy, world power, scab heroes, capital-
ist colleges, municipal corruption, Pink-
erton patriots, old flag, open shop,
citizens' alliance, ad infinitum.

Where Votes Are Bought.

This is the daily bill in a land in
which "sovereign citizens" are bought
or election day, like Tennessee males,
and the Presidency goes to the gang of
political pirates that can raise the
highest pile of boodle.

Of such is the kingdom of capitalism
in every land on the face of the earth.

Capitalism, having run its evolutionary
course, has gone to seed. Thick and
fast are its contradictions multiplying.

The new forces have outgrown the old
forms.

The Himalaya of private wealth is tot-
tering at its base, and the abyss of
poverty is sending up its yawnings.

Something has got to give away, and
that soon.

The capitalist system of production is
choking to death its system of distribu-
tion.

Must Be Relief.

There must be relief or there will be
a rupture of arteries and blood vessels.

The working class need not consume
what they produce, and all is well.

Long ago have they tolled that
others might enjoy, starved that others
might be gorged, and now the day of
reckoning is near.

The world struggle is the struggle
for the world, and the working class is
the world.

The tramp, tramp, tramp of the un-
lucky working class is heard around the
earth.

Eight millions stanch and true, with
glaring eyes and hearts true, as one, on
the march.

Prepare the way for the international
socialist movement, the working class
of the world which is coming to take
possession of the world and consecrate
its humanity.

TAILOR SPEGLER FACES

NON-SUPPORT CHARGE

Wife Has Him Locked Up—Says
He Contemplated an
Elopement.

Charged with non-support, Simon Spe-
gel, a twenty-seven-year-old tailor, with
a shop on Tenth street, between G and
H streets northwest, was arrested by
Police Officer Kienast, of the First pre-
cinct station, last night. He had a
large amount of money, but did not
deposit collateral and was locked up in
a cell. He will be given a hearing in
the Police Court before Judge Scott to-
morrow morning.

His wife is the complainant in the
case. She alleges that for several
months Spegel has not been living with
her, but has resided in her sister's
home. Mrs. Spegel says her husband
has about \$200 saved up for a rainy day,
but since he left her he has spent a
large part of it.

Yesterday, so the wife says, the tailor
drew the remainder of the money from
the bank and planned to elope with his
sister-in-law. Mrs. Spegel heard of
their preparations to leave the city and
procured a warrant for her husband's
arrest. She alleges that he has not
properly clothed and provided for his
two children.

THIRTY PERSONS DROWN

WHEN BOAT CAPSIZES

VIGO, Spain, June 24.—Advices re-
ceived here today from the Minho river
(which empties into the Atlantic near
Caminha) say that thirty persons, sup-
posedly crew and laborers, were
drowned recently through the capsizing
of a bark which had arrived in the river
from Portugal.

FORCED TO CHANGE HIS MIND.

"Timmins, I'm going to have to re-
duce your salary till business gets a lit-
tle better."

"Well, I see I'll have to smoke cheaper
cigars."

"Cheaper than those you use now?"

"Yes; a blamed sight cheaper."

"Well—er—say, I guess I'll economize
some other way,"—Cleveland Leader.

NEW ADDITION TO PRESIDENT'S HOME

WILL BE USED AS A STUDY.

Novel Features in the Decorative Scheme of the Interior. The Addition Is
Shown on the Left.

EXTORTED MONEY FOR SCHOOL APPOINTMENTS

POTTSVILLE, Pa., June 24.—All the
Shenandoah school directors who plead-
ed guilty to the sensational charges
against them in connection with the
appointment of public school teachers
were brought before Judge Marr this
morning for sentence.

After a scathing rebuke, he sentenced
them to one year's imprisonment, \$100
fine and the costs. The directors sen-
tenced are: David Fiest, Joseph F.
Bierstein, Jacob Noll, Jr., and George
Holvey. Plus W. Bierstein, a brother
of the school director, who acted as a
go-between, got the same sentence.

The crime for which they were sen-
tenced was conspiracy to extort money
for school appointments.

dicaris, of Trenton, N. J., is the guest
of Capt. French E. Chadwick, on Oak-
wood Terrace.

Mr. Perdicaris will be recalled as the
man who was captured last winter by
bandits in Morocco and held for \$50,000
ransom, which the Sultan paid, but not
before this Government had dispatched
Rear Admiral Chadwick to Tangier
with his South Atlantic squadron to
demand the surrender of Perdicaris,
who is an American citizen.

Perdicaris is being feted and lionized.

Trophies of Hunts To Adorn His Study

New Room at President's Oyster Bay Resi-
dence Has a Novel Interior—Library to
Be in Most Tasteful Style.

When President Roosevelt arrives at
his summer home at Oyster Bay this
week he will see for the first time his
new study, the plans for which he ac-
cepted here in Washington last win-
ter. The work on the addition to the
Sagamore Hill residence of the Presi-
dent is practically completed and only
a little painting about the house re-
mains to be done. This will be finished
by the time the President arrives.

As far as the exterior of the new
wing is concerned it conforms exactly
with the red brick and blue stone of
the main part of the President's sum-
mer residence. The interior, however,
is novel and quite different. Gold
American eagles appear on the west
wall and the tone of the mural fittings
is dark, black walnut playing a promi-
nent part. Large windows with window
seats; a mantle of Camagong wood from
the Philippines and shield-like panels
from which trophies of the President's
hunts will be hung are features of the
room.

The President and Mrs. Roosevelt will
give much time during the summer to
furnishing the new library in tasteful
style.

COOLIES IN VICTORIA HELP CHINESE BOYCOTT

VICTORIA, B. C., June 24.—Victoria's
6,000 Chinese are working energetically
to aid the boycott declared by their na-
tion against goods from the United
States.

Money is being collected to aid the
coolies who lose their wages at Chinese
ports by their refusal to unload steam-
ships carrying American goods.

The Chinese, moreover, will boycott
United States goods, and refuse to work
for citizens of the United States.

FOUR CRIMINALS DROWN
BY UPSETTING OF BOAT

VANCOUVER, B. C., June 24.—Four
criminals lost their lives in the Gulf
of Georgia on Monday night by the cap-
sizing of the sloop Ommon, which they
had stolen from Departure Bay.

Indians found the sloop drifting in the
gulf last night, and there was ample
evidence to show that the fugitives met
death in their endeavor to reach United
States territory.

The names of the criminals who were
trying to escape from British law have
not been ascertained.

MAINE KNIGHTS TEMPLAR KEEP ST. JOHN'S DAY

PORTLAND, Me., June 24.—St. John's
day was observed by many Maine com-
manderies of Knights Templar, amid
delightful weather. The unique feature
was that offered by the Lewiston com-
mandery, which entertained comman-
deries from Bath and Rockland by giving
an automobile parade.

Seventy-five machines were in line.
The day was observed by a parade of
the local militia and visiting Canadian
military bodies which had come here by
special arrangement with the United
States Government.

SCHOOL DIRECTORS SENT
TO PRISON FOR YEAR

POTTSVILLE, Pa., June 24.—Joseph
and Plus Bierstein, David Fiest, Jacob
Noll, and George Holvey, school direc-
tors of Shenandoah, were today sen-
tenced to serve one year in jail for
bribery and conspiracy.

The men pleaded guilty of accepting
bribes for their influence in the appoint-
ment of school teachers.

Shortly after her divorce his name
was linked with that of Mrs. Dodge,
and their engagement will not be a
surprise to society.

Rodney and her two brothers, Capt.
Henry Guest, of the British army, and
Lionel Guest. Lady Rodney and Cap-
tain Guest will be present at the wed-
ding.
